Metal + Metallurgy China 2019, in hot registration! Audience pre-registration is now open!

Metal+Metallurgy China 2019 is in full swing. The registration of International Hall is quite hot. Besides various well-known overseas brands gathering in this pavilion, a large number of innovation-based enterprises and SMEs are still in the waiting list. Metal+Metallurgy China is the largest metallurgical foundry and industrial furnace event in Asia and the second largest in the world. The International Hall organized by Hannover Milano Fairs Shanghai, focus on sectors of casting, metallurgy, industrial furnaces, robotics and automation, showcasing the latest products and technologies brought by advanced overseas manufacturers. It therefore attracts more companies expecting to enter this Pavilion.

Up till now, 80% of the previous famous exhibitors including Inductotherm, ABP, DISA, FOSECO, ASK, Fanuc, WM Technologies, Mingzhi, Elkem, Eirich, Pyrotek, ABB, Kao, Allied Mineral, ABP, Insertec, KUKA, Kurtz Ersal, Fill, Fuji Electric, Sinto, C.I.M.U, FLOW-3D, Hidea, SINO-FOUNDRY REFRACTORY, SAVELLI, Calderys, MAGMA, Ziheng, SHENZHOU, FONDARC, RUIHONGXIANG, SIR, IMF, Nederman, YUYANG, KOYO, Jiesen, EVOLUT, Saint-Gobain, CAST, Annex, Rongke, Xinjingjie, BUTZ, Neotechnik, Capital, Suzhou Zhenhu and Norican Group have registered the show. This year's event is not second to any of the previous sessions in terms of booth construction, exhibits display and participant lineup. A quite few of brands have greatly enlarged their stands. Mingzhi will make its spectacular appearance with a 300 sqm booth, nearly tripling its previous area; Sino-Foundry Refractory and FONDARC will also increase their investment in booth to show their sincerity to Metal+Metallurgy China. Taiwan Casting Industry Association will rather focus on the domestic market and is organizing Taiwan Pavilion for active participation. At the show, nearly 100 overseas companies from Italy, France, Belgium, Germany and other countries and regions will dazzle all participants with its high-end international appearance.

In addition, Hannover Milano Fairs has also cooperated with industry associations to invite buyer groups from the sectors of construction machinery, metal processing, automobile/motorcycle, rail transit, aerospace, energy and power. Trade visitors can make online registration from January 25, to enjoy the excellent services provided by the organizer. In order to promote the new layout of metallurgy and casting industry and furnace industry for expansion and exchanges, and improve the activity in international stage, Metal+Metallurgy China 2019 is also promoted in Germany, UK, France, Switzerland and Italy, and carries out extensive collaboration with trade media in "Belt and Road" countries, so as to attract foreign investment and promote exchanges between domestic enterprises and international communities.
